GENUINE.**

ORIGINAL

With every one of our genuine accessories designed alongside your motorcycle, there is no compromising your motorcycle's iconic style. Choosing genuine accessories is the perfect way to personalise your Triumph motorcycle to reflect your riding style and needs.

ENGINEERED

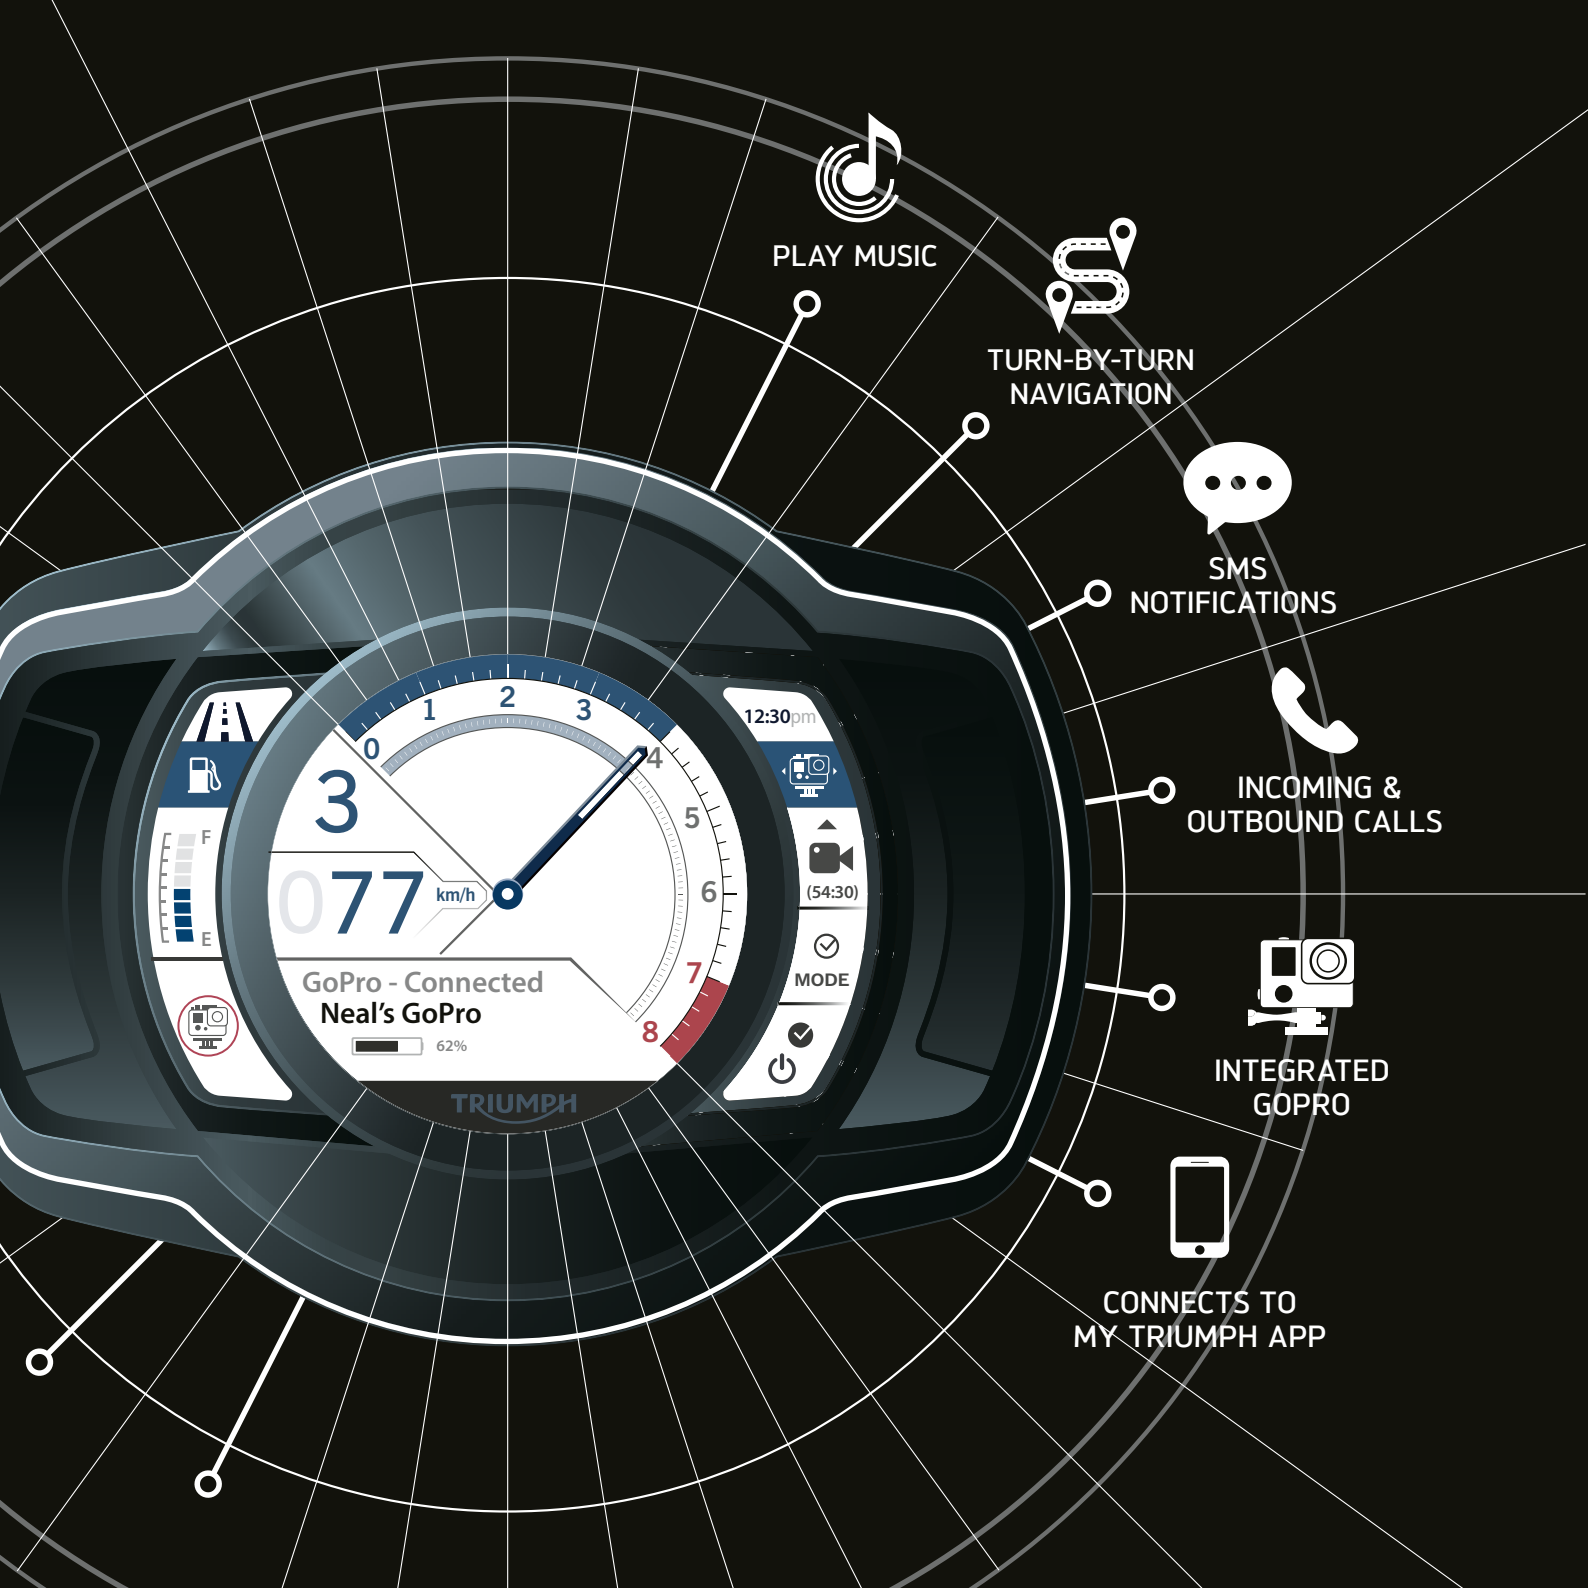

Two to three years may pass from an initial pre-concept design to full-on motorcycle production, and all Triumph accessories are developed alongside the bikes themselves at every design stage. That means every genuine accessory is perfectly designed for fit and performance to ensure you get the best from your ride-down to the exact micron.

TWO-YEAR WARRANTY

All new Triumph genuine accessories which are purchased from and fitted by an authorised dealer are covered by an unlimited mileage 24-month warranty.

That means with every genuine accessory, you get the same design, detail and quality standard as your motorcycle was built to originally, and peace of mind for two years!

MY TRIUMPH CONNECTIVITY SYSTEM

CLASS-DEFINING SYSTEM FEATURES

World's first motorcycle integrated GoPro control system

The rider can capture every moment on their ride by connecting their GoPro to the TFT display where they can intuitively access and control key GoPro functions through the motorcycle's TFT instruments and left hand switch cube.

Triumph's first turn-by-turn navigation system built with Google, and delivered by a new 'My Triumph' app.

The first for any Triumph motorcycle and the very first Google partnership with a premium motorcycle manufacturer - the Triumph 'turn-by-turn' navigation system facilitates navigation through the My Triumph Connectivity module, which can be installed by your local dealer.

Phone and music operation

This functionality is facilitated through the My Triumph Connectivity module, enabling the rider to pair their smartphone and Bluetooth® headset to the connectivity system, providing full and intuitive control on the move.

FOR THE RIDE

STREET
Triple

STYLE PACK

This eye-catching accessories collection has been designed to enhance the look of the new 2020 Street Triple even more, and includes:

- New sports bar end mirrors
- New scrolling LED indicators
- Forged aluminium tail tidy
- New machined aluminium rear brake reservoir
- New machined aluminium front brake reservoir

We've put together two pre-selected accessory packs to enhance the style and also the protection of your new Street Triple. The packs can be purchased separately or together, or alternatively all accessories may be purchased individually.

PROTECTION PACK

Ride with greater confidence with a unique new Street Triple accessory pack that includes:

- Frame protectors
- Swing arm protectors
- Engine protectors
- Tank pad
- Fly screen visor
- Aluminium oil filler cap
- Fork protectors
- Aluminium oil dipstick

FOR THE RIDE

triumphmotorcycles.co.uk

The photography within this brochure shows Triumph motorcycles being used by expert professional riders in protective gear under professionally controlled, closed course conditions. Triumph does not endorse or encourage stunts, tricks or any form of irresponsible riding. At Triumph, we want every ride to be safe and enjoyable. Always ride safely, defensively and within the limits of the law. Always ride appropriately for road conditions. Always ride within your ability. Take a riding skills course. Always wear an approved helmet, eye protection and appropriate protective clothing. Always insist that all passengers do the same. Never ride while under the influence of alcohol or drugs. Study your owner's manual and inspect your Triumph motorcycle before riding. Data given to UK market specification. Specification may vary by market. Some Triumph motorcycles are designed as street motorcycles. Triumph does not support the use of street motorcycles in off-road environments. Street motorcycles are not suitable for off-road use. Triumph does not endorse or encourage the use of street motorcycles off-road. Off-road use could expose yourself and others to serious personal injuries or even death.

Silencers: Triumph accessory silencers are not for use on the public roads. Unless otherwise stated, Triumph accessory silencers do not conform to on-road noise or emissions standards in countries where such standards apply. Use on-road may therefore violate the law. These products are designed for closed circuit competition use only. Triumph accessory silencers will require a specific tune download, which is available from your authorised Triumph dealer. Specification may vary by market. Some accessories are prohibited by local law. As a motorcycle owner/rider, it is your responsibility to know of and comply with all local laws. If you have any doubt, contact your local authorities. All details correct at time of going to press. Triumph Motorcycles Limited reserves the right to make changes without prior notice. This brochure contains models that are not available in all countries, please consult your dealer for model and colour availability. Please note that this brochure contains images of motorcycles that feature accessories and this may or may not be stated. Triumph Motorcycles Limited takes no responsibility for any misunderstanding of standard specification that this may cause.
